

ATIKA FATIMA

Fairfax, VA | +1(225)916-6231 | atika.fatima283@gmail.com

Summary

Health Informatics professional with a Master's degree in Health Informatics and experience supporting electronic health records (EHR), health information management, regulatory compliance, healthcare operations, and clinical data management. Experienced in maintaining accurate medical documentation, supporting HIPAA compliance, analyzing healthcare data, managing electronic records, preparing operational reports, and collaborating with multidisciplinary teams. Skilled in Microsoft Excel, SQL, EMR workflows, healthcare information systems, and process improvement with a strong commitment to data privacy, security, and patient confidentiality.

Education

George Mason University

Master's, Health Informatics

• GPA: 4.0 / 4.0

Dec 2025

Fairfax, VA

Panineeya Institute of Dental Sciences and Research Center

Bachelor of Dental Surgery, Dental Surgery

Dec 2023

Hyderabad, India

Experience

Citrus City Family Counseling

Insurance Data Intern

Feb 2026 - Present

Norco, CA

- Submitted, tracked, and reconciled insurance claims while maintaining accurate electronic health information and billing records.
- Reviewed remittance advice, investigated denied and unpaid claims, and documented findings for timely resolution.
- Verified patient demographic and insurance information while ensuring HIPAA compliance and confidentiality of protected health information (PHI).
- Maintained accurate healthcare documentation supporting reimbursement, regulatory compliance, and operational reporting.
- Generated Excel reports to monitor billing activity, payment trends, and workflow performance.
- Collaborated with billing, administrative, and clinical staff to resolve documentation and claim discrepancies.
- Assisted with medical record review and healthcare documentation quality to improve reimbursement accuracy.
- Supported healthcare operations through accurate record maintenance and process improvement initiatives.

George Mason University

Research Assistant

May 2025 - Present

Fairfax, VA

- Maintained secure clinical and electronic health record (EHR) data for healthcare research in accordance with research compliance requirements.
- Collected, validated, and managed patient and clinical information while ensuring confidentiality and data integrity.
- Prepared regulatory documentation and maintained organized electronic records supporting ongoing healthcare research.
- Conducted quality assurance reviews to identify documentation inconsistencies and improve data accuracy.
- Collaborated with multidisciplinary clinical teams to improve healthcare documentation and research workflows.
- Generated reports and maintained research records supporting operational and compliance requirements.

AI CoLab – Georgetown MedStar Health

Sep 2025 - Nov 2025

<i>Intern</i>	<i>Washington, DC</i>
- Supported implementation and analysis of healthcare information systems using electronic health record data. - Prepared, validated, and managed clinical data for predictive analytics. - Documented workflows and maintained healthcare documentation supporting regulatory compliance. - Assisted with healthcare information system improvements through process documentation and data analysis. - Collaborated with clinicians, researchers, and technical teams to improve healthcare information workflows.	
Indian Dental Association	Jul 2022 - Aug 2022
<i>Volunteer</i>	<i>Hyderabad, India</i>
- Coordinated the scheduling of over 20 speakers for the Hyderabad Dental Show, ensuring all presentations started on time and maintained Audience engagement throughout the event. - Facilitated smooth execution of conference by resolving last minute changes of participants.	
Panineeya Dental Hospital	Jan 2023 - Dec 2023
<i>Dental Surgery Intern</i>	<i>Hyderabad, India</i>
- Improved oral health outcomes by providing accurate diagnoses and customized treatment plans to patients. - Led community dental camps for underserved groups, offering free services and education to raise awareness of oral hygiene. - Collaborated with a multidisciplinary team to refine patient management, reducing wait times by 30% through better scheduling and workflow efficiency. - Enhanced clinical skills by shadowing senior dentists and participating in advanced training on innovative dental techniques.	
Projects	
ICU Patient Deterioration Detection System	Sep 2025 - Dec 2025
<i>MedStar Georgetown AI CoLab</i>	
- Built a machine learning model using MIMIC-III ICU waveform data to detect early patient deterioration, achieving 86.4% accuracy and 91% precision. - Integrated explainable AI to generate clinical insights and support real-time ICU decision-making.	
Analyze Missing Values	Jan 2025 - Apr 2025
<i>George Mason University</i>	
- Leveraged SQL and Python to analyze antidepressant prescribing patterns in the All of Us Dataset v8, building a predictive model that recommended optimal treatments based on patient history - Addressed missing data using imputation techniques and feature engineering, improving model selection accuracy and calculating likelihood ratios to identify key predictors	
AI-Powered Chest X-ray Diagnostic Assistant	Jan 2025 - Apr 2025
<i>George Mason University</i>	
Developed an AI-driven diagnostic tool in MATLAB using ResNet-50 to classify NIH Chest X-rays, applying preprocessing and augmentation techniques to improve performance, and achieving 61% test accuracy to support preliminary radiology diagnosis.	
Predicting Chronic Heart Failure After Myocardial Infarction	Aug 2024 - Dec 2024
<i>George Mason University</i>	
- Analyzed 1,700 patient records to predict chronic heart failure post-MI using machine learning, applying feature engineering, KNN imputation, and SMOTE to improve data quality. - Built a Random Forest model that demonstrated strong potential for early CHF diagnosis.	
Heart Health: Indicators, Risks & Disease Probability	Jan 2024 - Apr 2024
<i>George Mason University</i>	
- Developed a Python tool for cardiac risk analysis with Matplotlib and Seaborn. - Created an interactive interface to aid medical professionals and patients in interpreting health indicators and managing risks.	

Volunteering

Chandravathi Charitable Trust

Mar 2023

Dental Health Camp

- Provided essential dental care and promoted oral health awareness; event recognized in local media.

Takshashila Public School

Apr 2023

Free Dental Health Camp

- Educated students on proper oral hygiene practices through interactive sessions.

Oral Health Programmes

Apr 2023

School Oral Health Programmes

- Delivered oral health education and demonstrations at Kidszee School and other local schools to promote dental well being.

St. Francis College for Women

Mar 2023

Women's Dental Check-Up Camp

- Offered dental services for women on International Women's Day, supporting community health and awareness

Skills

-
- **Programming & Analytics:** Python, SQL, STATA, WEKA, MATLAB, EMR, EHR
 - **Machine Learning & AI:** Scikit-learn, XGBoost, Predictive Modeling, Natural Language Processing, Statistical Analysis, Data Cleaning, Feature Engineering, Data Visualization
 - **Healthcare Informatics & Standards:** HL7, SNOMED CT, EHR Data Handling, Clinical Data Standards, Human Subjects Research Compliance, Regulations, HIPAA
 - **Research & Clinical Analytics:** Research Design, Quantitative Analysis, ICU Waveform Analysis, Clinical Predictive Modeling, Model Validation, Explainable AI Integration, Data Integrity, Documentation, Release of Information, Healthcare Operations, Healthcare Reporting, Workflow Analysis, Clinical Information Systems
 - **Data & Productivity Tools:** Microsoft Excel, PowerPoint, Word, Google Docs, Gmail, Seaborn, Software Proficiency - Spreadsheets, Software Proficiency - Presentation Software
 - **Professional Skills:** Project Management, Team Collaboration, Healthcare Workflow Analysis, Report Analysis

Certification

-
- **Conflicts of Interest (COI), CITI Program:** Issued May 2025 | Expires May 2029 | ID: 69368759
 - **Social & Behavioral Responsible Conduct of Research (RCR), CITI Program:** Issued May 2025 | Expires May 2028 | ID: 69368758
 - **Social-Behavioral-Educational Human Subject Protection (SBE) – Comprehensive, CITI Program:** Issued May 2025 | Expires May 2028 | ID: 69369149
 - **Group 2 Biomedical Research Investigators, CITI Program:** Issued Apr 2025 | Expires Apr 2029 | ID: 69242504 • **CPR/AED for Professional Rescuers with First Aid – American Red Cross:** Issued Mar 2025 | Expires Mar 2027 | ID: 01SH2UH
